ABOUT ME

I am an Information Technology student actively seeking job opportunities to apply and develop my technical skills in a professional setting. I have hands-on experience in UI/UX design using Figma and Canva, along with front-end web development capabilities. I served as the UI Design Lead for our capstone project, where I gained valuable experience in leading design initiatives and collaborating with team members. I am eager to contribute my design and development skills while learning from industry professionals in a dynamic work environment.

TECHNICAL SKILLS

Programming Languages:
- HTML
- CSS
- JavaScript

Design Tools:
- Figma
- Canva

Development Tools:
